## Description

---

The Easy Rider Speed Bump End Cap, GNR52699BL, is designed for easy installation on varying lengths of Easy Rider Bumps. These end caps protect the Easy Rider Bump row from excessive wear and tear. They are

also required by the warranty policy of the Easy Rider Speed Bumps.

These speed bumps can be easily installed on different types of road surfaces, including asphalt and concrete. Installation of the end cap requires [one spike for asphalt](#) or [one lag bolt for concrete](#) installations .

Easy Rider Speed Bump end caps are maintenance free, can be reused, and are easily stored
