CONFIGURABLE POWER SOLUTIONS

CONFIGURABLE POWER FOR CUSTOMIZED CONNECTIVITY

The dash line of power solutions by Legrand offers innovative and configurable options for adding convenient access to power, data and charging in commercial interiors – all while maintaining a modern and discreet design.

The line of dash products gives you the flexibility to customize your connectivity solution, ensuring your space is functional without sacrificing aesthetic appeal. Comprised of three configurable products with modern designs that complement high-end interiors, dash features a set of configurable cubes that allow you to create the perfect combination of connectivity options just right for your space.

Let’s partner together to elevate your space to the next level with configurable power and customized connectivity.

All dash products have a set of configurable cubes that allows you to create the perfect combination of connections to elevate your space.
